Central Electric Cooperative

A Touchstone Energy® Cooperative

Central Electric Cooperative (CEC) is a not-for-profit electric cooperative headquartered in Parker, PA that provides electric service to approximately 25,000 members in portions of Allegheny, Armstrong, Butler, Clarion, Forest, Mercer and Venango Counties.

The cooperative is managed by Interim CEO and General Manager, Fred Terwilliger, who was selected by and is responsible to the board of directors. He carries out day-to-day operations following policies set by the board. CEC has eight directors who are elected by the members to serve four years terms. Elections are held at the Annual Meeting each year. This meeting is required by law and gives members the opportunity to elect their directors, and to hear and evaluate reports on the operations of the business enterprise they own.

CEC was founded on July 12, 1937 on the belief that by working together, we could improve the quality of life for residents of Western Pennsylvania through the power of electricity. That idea hasn't changed.

CEC's Purpose, Mission & Vision Statements

Purpose: To enhance the quality of life for our members and consumers by providing energy, products, and services, which fulfill needs and create value.

Mission: Central Electric Cooperative safely provides reliable and competitively priced electricity to our consumer-members and was established by and is committed to the communities we serve.

Vision: As the cooperative looks toward the future, we will focus on improvement in all areas with emphasis on the following: SAFETY- Promote and support safety throughout the organization and the community, RELIABILITY- High reliability with continued utilization of technology, COST- Provide value at a competitive price with a focus on efficient operations, SERVICE-Professional and personal with continued utilization of technology, CULTURE- Safety and service oriented, with a belief in and advocacy of the Cooperative business model.
